

## WARREN HOUSE VETERINARY CENTRE

### Post-Dental Homecare

Your pet has recently undergone a dental procedure.

This will have been Stage One or Stage Two.

#### **Complications:**

Please notify the practice at once if any of the following occur:

- Vomiting after 24 hours at home
- Diarrhoea
- Refusal to eat or drink after 24 hours at home
- No passing of urine or faeces 24 hours after their procedure
- Signs of severe pain (mild pain and discomfort are normal for the first few days after surgery)
- If your pet acts off or seems "not right" in any other way

**2 Post-Op Checks** are performed by Veterinary Nurses or veterinary care assistants and are included in the price of your pet's surgery; however, if your pet requires additional treatment such as antibiotics, pain relief or potentially further surgery, the owner is responsible for all costs of necessary treatment because of any complications. These complications are all very rare and are handled on a case-by-case basis.

By following the guidelines below, you will be able to dramatically speed up your pet's Recovery.

- Offer your pet small amounts of water when you get home and food can be offered a few hours later – we recommend a bland diet such as chicken/white fish and Rice/pasta or the food included in your home care package. However, their appetite may not be completely normal for a few days.
- Check mouth for signs of infection including a strong smell, yellow/green discharge, and red and swollen gums.
- Do not give any over-the-counter pain relievers such as paracetamol or ibuprofen as these can be poisonous to pets. We will prescribe non-steroidal pain relief

medication for  
after surgery  
your pet  
their recovery.

the following 3-5 days  
which should keep  
comfortable during

Post-Operative Telephone Call - A staff member will call you a few days after the procedure to check on your pet. Do not be alarmed. This is a routine call to find out how your pet is progressing after their surgery.

Thank you for choosing Warren House Vets for your pet's care. If you have any questions or concerns, please do not hesitate to contact us:
